Your lifestyle. - Will help or take away from any treatment you have. Carol's Energy healing works to uplift the Mind, Body and Soul. The web page tells you much more to help you with this. There are photos and audio testimonials for you to see and hear.

How many do I need. - Everyone is different, you will be assessed individually, just e-mail Carols secretary with photograph of yourself.

How can I keep the effects of this treatment up. - Once you have EPRP, maybe after 1 or 2 sessions on the areas you want working on you can change to have remote healing or follow up individual healing here in Spain without the PRP.

EPRP can also be done at a distance With a suitable doctor. Healing and energising has been done remotely from Spain. Proving that plasma changed and responded in two tests under lab conditions, 1st. Spain to Monaco and 2nd Spain to S.Africa. Carol remaining at her location in Spain.

CHANGES from ENERGISING. Clients coming in from Monaco have also had treatments in Spain. With follow-up EPRP with Dr Deperdu in Monaco, I remained in Spain. each time blood was checked by the blood bank, and clients happy with the results. Doctors log effects equal to if present, much improved on standard PRP. Initially EPRP has to be done with Carol and Doctor present.

Later available in London and USA. Carol member ICM, registered BRCP. Tested @ Tokyo Denki university in 1994. Doctors working with Carol also have additional aesthetic treatment qualifications.
